Our static caravan

Photographs of the static caravan we bought to live in during our selfbuild project, and the fun we had getting it on site !

For the caravan spotters amongst you, it's a 1990 Willerby Granada 30ft x 10 ft 2 bed.

The transporters were Cranage Haulage (01477 535279 or 07966 512267), who did a superb job and we highly recommended.

Click on the photos to see them full size, to fully appreciate the caravan's beauty !
